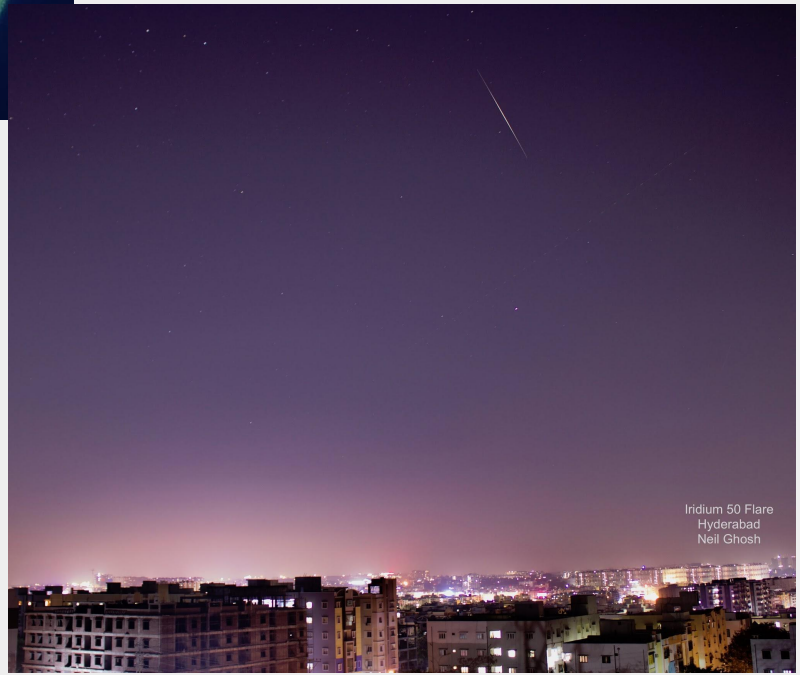
Node.js - Cloud Functions

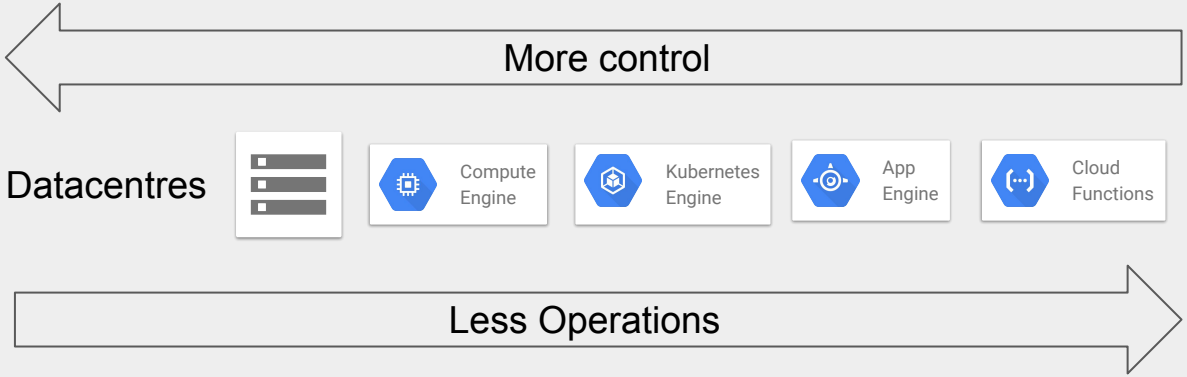
Neil Ghosh
JDA Software



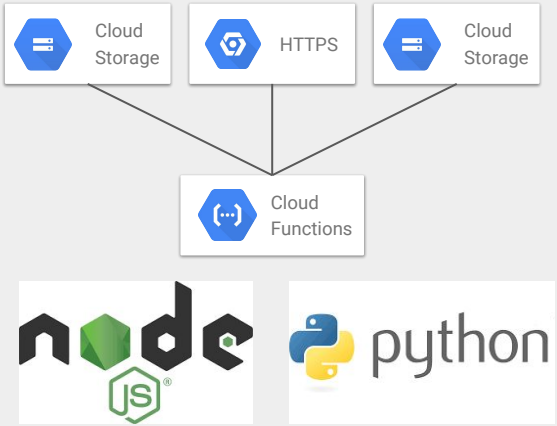
About Me @neilghosh

Cloud Functions ?

Event Driven Serverless Compute Platform



Event Driven?



Functions Triggers and Runtime.

- Installed Node.js v6 (npm in the path)
- Installed Google Cloud SDK
  (*gcloud* CLI in the path)
- Shared an email with Google account to have access to GCP project **devfesthyd2018** with “Editor” Role (console.cloud.google.com)
- Installed VS Code (code.visualstudio.com)

You should have already

Let’s get started

https://github.com/neilghosh/gdghyddevfest2018

Or

bit.ly/cloudcodelab

Thanks for your attention !
